- A. The definition and rulings of a novice are:
1. a competitor that has not placed in the top 3 in an open division of any organization;
  2. a competitor that has not won 1st place in a novice division of any organization;
  3. a novice competitor can crossover to the open division and vice versa; and
  4. a master or couple can crossover into the novice or open division, but not both.
- B. This show entitles class winners in the open division bodybuilding and overall figure winner to turn pro. (5 competitors equal a valid class).
- C. Promoters have the option of canceling any class for an insufficient amount of competitors;
- D. Promoters have the option of splitting a division that has a total of 10 or more athletes. For example, if the teen division has 10 competitors, the Promoter can divide this class into two calling them "Teen A" and "B". This division should be worked out as evenly as possible either by age, weight, or height. Promoters should look at all entry forms and decide which way to go. It is the Promoter's option whether or not to do an overall of "Teen A" and "Teen B".
